

ENRICHMENT PROGRAMS APPLICATION FORM (Year 7 2026)

Caboolture State High School is committed to providing inclusive and engaging learning experiences for all students. The Enrichment Programs are in addition to the normal program of timetabled classes in Year 7. These programs enable students to develop their skills, attributes, talents, abilities and knowledge beyond the standard classroom setting. Extra-curricular activities, events, competitions and projects form an integral part of all of these programs. These activities may be on a local, state or national level.

Our Enrichment Programs may require students to attend the program outside of the normal school hours and all enrolled students must attend these scheduled sessions. This could be before school, from as early as 8:00am, or after school, until as late as 4:30pm, depending on the length of the program sessions for each week.

Students and parents/carers must also be committed to student attendance at events and activities related to the Enrichment Programs and pay program fees associated with the respective program. All Enrichment Programs in 2025 will have a \$50 program administration fee per program. Each program will have a variety of extra events, excursions and competitions that are 'user pay' experiences, and separate invoices will be sent out for these.

HOW TO APPLY (Applications Open – Thursday 4 September)

To be considered for one of Caboolture State High School's Enrichment Programs, students must:
