TRAINING PROVIDER | CABOOLTURE STATE HIGH SCHOOL NATIONAL PROVIDER NUMBER 7061

<http://training.gov.au> - Please refer to the training.gov.au website for specific information about the qualification. Students must achieve competency in each unit of competency to be issued with a full certificate at the completion of this course. If students do not achieve the full certificate, a statement of attainment will be issued detailing the competencies completed. Units of competency are correct at time of printing. In the event of changes to training packages, these will be made by ASQA. Students will be notified and Caboolture SHS will ensure students are transitioned to new units of competency as required by QCAA and ASQA.

COURSE CONTENT

This qualification provides the skills and knowledge for an individual to be competent in a wide range of general ICT technical functions and to achieve a degree of self-sufficiency as an advanced ICT user. The course has a strong practical focus and draws on the elective IT specialist streams of web technologies and applications, which have direct relevance to workplace roles.

COURSE UNITS		
BSBWHS201	Contribute to health and safety of self and others	Core
BSBSUS201	Participate in environmentally sustainable work practices	Core
ICTICT201	Use computer operating systems and hardware	Core
ICTICT202	Work and communicate effectively in an ICT environment	Core
ICTICT203	Operate application software packages	Core
ICTICT204	Operate a digital media technology package	Core
ICTWEB201	Use social media tools for collaboration and engagement	Core
CUASOU202	Perform basic sound editing	Elective
ICTICT205	Design basic organisational documents using computing packages	Elective
ICTICT206	Install software applications	Elective
ICTICT207	Integrate commercial computing packages	Elective
ICTSAS203	Connect hardware peripherals	Elective
ICTSAS206	Detect and protect from spam and destructive software	Elective
ICPDMT321	Capture a digital image	Elective
CUADIG201	Maintain interactive content	Elective

COURSE REQUIREMENTS

The program will be delivered through class-based tasks that will simulate a workplace environment. A range of teaching/learning strategies will be used to deliver the competencies. Students must have a USI (Unique Student Identifier) number.

CAREER PATHWAYS

This qualification will give employers a degree of confidence in an individual's abilities in the workplace. It could lead to employment in basic personal computer (PC) support, basic network/system administration, first level help desk roles, ICT retailing or vendor product support. Possible job titles include help desk officer, help desk assistant, ICT operations support, ICT user support, PC support, and technical support.

ASSESSMENTS

Assessment will be competency-based where students must demonstrate competency in all the stated performance criteria. This may be through demonstrations and observations, practical or written tests, simulations, work-based projects, or assignments. Student profiles are maintained to record the competency levels achieved by the students for each of the self-paced units studied.

Disclaimer: "Caboolture SHS must have suitable teachers and equipment to run this course. If the school loses access to these resources, the school will attempt to provide students with alternative opportunities to complete the course and the related qualifications. The school retains the right to cancel the vocational component of the course if it is unable to meet requirements."
