## School Overview

Caboolture State High School is a co-educational school offering a wide range of subjects to students enrolled in Year 7 to Year 12. All students are encouraged to achieve their personal best and strive for excellence in all they do. Emphasis is placed on 'Making the Difference Today....for Tomorrow'. The school offers an extensive academic and vocational curriculum supported by comprehensive extracurricular cultural and sporting programs. Other curriculum initiatives include our LearnIT laptop program, now in its sixteenth year; a range of agricultural programs based at our farm; marine programs and sporting initiatives. Our Diverse Learning Hub, catering for students with a disability, and a learning support unit are located within our school. Students are well-supported through a comprehensive support structure which includes house group teachers, one year level co-ordinator per year level, two guidance officers, youth support co-ordinator, student mentor, chaplain and nurse. Parents are encouraged to become actively involved in the school through an active Parents and Citizens' Association, providing vital resources, and a School Council comprising parent, student and staff representatives.

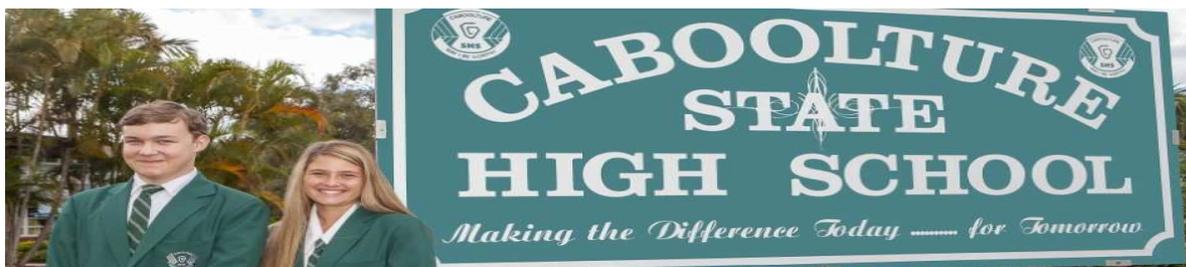

## Principal's Foreword

### Introduction

Welcome to Caboolture State High School's Annual Report. Our school is a co-educational school which offers a wide range of subjects to students enrolled in Years 7 through to 12. At the beginning of 2017 there were 1248 students enrolled at the school.

At Caboolture State High School, all students are encouraged to achieve their personal best and strive for excellence in all they do. It is a school that is known for long-held traditions, while having a healthy balance between the past and the future. The school is innovative, offering a cutting edge curriculum with a focus on academic, vocational and intellectual rigor, with real life and relevant learning experiences.

'Learning at Caboolture' is our core focus, with emphasis on our staff delivering quality learning experiences and students being responsible for their classroom engagement, attendance and behaviour.

Interactions with our students, parents and carers and the wider community are based on our school values; persistence, respect, integrity, diligence and excellence. Caboolture High students have a proven record of academic, cultural and sporting success with outstanding performance across all aspects of the educational spectrum. Impressive results in international, national, and state competitions are consistently achieved.

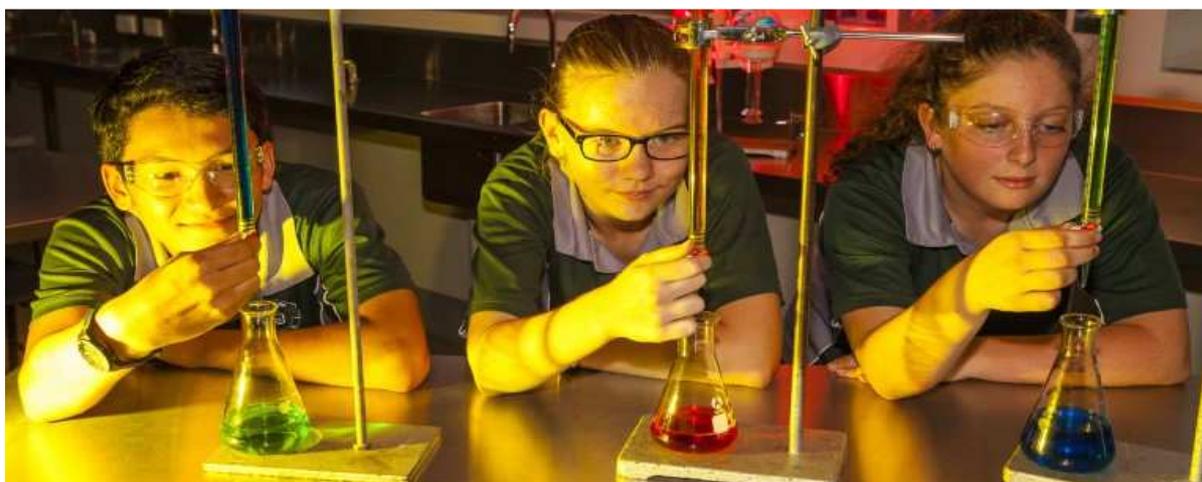

The school has an excellent reputation and, for a number of years, the number of applications for enrolment has exceeded the capacity of the school. An Enrolment Management Plan operates at the school and determines the process by which students are enrolled. Significant improvements have been gained over past years through the lifting of standards, investing time into student support and building quality relationships between the different groups that comprise our school community. This report highlights our school's outstanding achievements for 2017 and many of the programs and initiatives that have contributed to our successes.

### **School progress towards its goals in 2017**

In 2017, 83% of our OP eligible students received an OP 1-15, with 12.5% awarded an OP 1-5 and 31.25% awarded an OP 6-10. Ninety-six percent of OP eligible students who applied for a university course, received an offer of placement. Over 90% percent of our Year 12 cohort achieved their Queensland Certificate of Education.

The whole-school approach to embed literacy and numeracy skills in all units of work and continued implementation of the Australian Curriculum ensured delivery of quality programs. Faculties reviewed senior programs to ensure they were meeting the needs of our senior students, providing them with suitable and sustainable future pathways, especially with regards to students achieving their Queensland Certificate of Education and Queensland Certificate of Individual Achievement. The variety and depth of programs offered to our students ensured they were prepared for meaningful full-time employment, apprenticeships/traineeships or further study.

An emphasis was placed on the school's 'Learning at Caboolture' strategy, focussing on student engagement, attendance, behaviour and quality teaching and we implemented the 'Investing for Success' initiatives including the expansion of enrichment, literacy and numeracy coaching and the introduction of STEM programs. There was a strong focus on catering for the needs of all our students through classroom differentiation, including the continuation of Extension Studies, extension and foundation classes. The school also introduced New Pedagogies for Deep Learning (NPDL) for targeted classes.

Caboolture High continued to implement its pedagogical framework, the 'Art and Science of Teaching' in 2017. Teachers engaged in extensive professional development throughout the year and significant improvement in teachers' classroom practices was evident. There was a strong emphasis on ensuring quality teaching and consistency of classroom practice.

Student engagement, attendance and behaviour play a significant role in student outcomes. The introduction of "Reboot" in Semester 2 allowed students in the junior school to reflect on their role in the school community, develop productive relationships with students and staff and contribute to a positive cultural and behavioural change in the school.

## Future outlook

Building on the successes of 2017, the school identified the following priority areas for 2018:

1. Effective Teaching and Learning Framework
  - a. Teacher Pedagogy
  - b. Literacy
  - c. Numeracy
2. Engagement
  - a. Positive Learning Culture
  - b. Pathways

## Our School at a Glance

### School Profile

<b>Coeducational or single sex:</b>	Coeducational
<b>Independent Public School:</b>	Yes
<b>Year levels offered in 2017:</b>	Year 7 - Year 12

#### Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
<b>2015</b>	1226	601	625	102	90%
<b>2016</b>	1258	621	637	117	88%
<b>2017</b>	1248	608	640	121	88%

Student counts are based on the Census (August) enrolment collection.

### Characteristics of the Student Body

#### Overview

Students at Caboolture State High School are engaged in a range of pursuits including academic, sporting and cultural programs. This attracts students from the Caboolture region from the north to the south, and Wamuran, to the west of the school. Our student population is mostly drawn from the local suburbs of Caboolture, Caboolture East, Elimbah and Beachmere.

Our diverse student population consists of 9.7% Indigenous students, 9.9% students with disability and a number of students identifying with different ethnic backgrounds; New Zealand, Asia and Pacific Islands forming the majority. Interestingly, many of our students are second or third generation Caboolture State High School students. The sense of community is a key feature of Caboolture State High School.

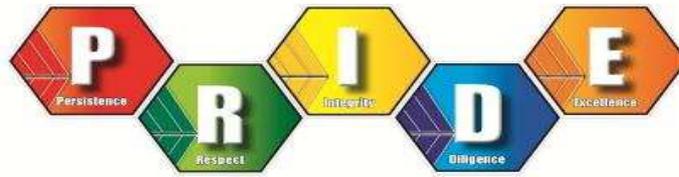

The school's culture reflects that of Caboolture and the surrounding communities and the student body reflects the full socio-cultural background of the surrounding area.

The school has a Diverse Learning Hub which caters for over 130 students.

#### Average class sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3			
Year 4 – Year 6			
Year 7 – Year 10	22	21	20
Year 11 – Year 12	20	19	17

## Curriculum Delivery

### Our approach to curriculum delivery

In Years 7 and 8, all students study English, Mathematics and Science from the Australian Curriculum for the year, and History, Geography, Chinese and Health and Physical Education for one semester. Additionally, all students in Year 7 study four rotational subjects; the Arts, Agricultural Science, Industrial Technology and Home Economics for one term. In Year 8, students choose four electives: they choose one of Industrial Technology or Agricultural Science; one of Visual Art, Music, Dance or Performing Arts and two electives from the remaining options. Year 8 students study their electives for one term.

In Year 9, all students study English, Mathematics and Science from the National Curriculum for the year, while studying History and Health and Physical Education for one semester. Additionally all students choose four subjects from a range of options, each elective being studied for one full semester.

In Year 10, all students study English, Mathematics and Science from the Australian Curriculum for a full year and History and Health and Physical Education for one semester. Additionally, students choose two electives from a range of options, each subject being studied for the full year. Year 10 subjects align with their Year 11 and 12 counterparts, thereby ensuring that Year 10 is a transition year to senior studies.

In Years 11 and 12, students may choose from a wide range of Authority, Authority Registered and VET subjects, including a range of Certificate II and Certificate III courses. The school also offers tailored programs for school-based apprentices and school-based trainees. The school proudly boasts a comprehensive list of industry partners, as well as being closely aligned with the Health Academy through the Caboolture Hospital.

## Co-curricular activities

Caboolture State High School is involved in a full range of sporting, academic, cultural, public speaking and recreational endeavours and have produced outstanding performances across the board.

There are many extra-curricular activities available to students at Caboolture. These activities include an extensive interschool sport program with a focus on student participation and skill development at the highest level. Additionally, activities such as debating, public speaking, cattle showing, subject-based competitions, digital design challenges, Lego League, chess tournaments, instrumental music, school musicals and dance eisteddfods are well supported by a keen and enthusiastic team of staff and students.

There are two major tours which operate on an annual and biennial basis. The school's annual ski trip is always well patronised and regarded highly by the students as "just the best time". Every two years, we offer a China trip for students who study Chinese in Years 10 to 12.

## How Information and Communication Technologies are used to assist learning

Caboolture State High School has a student to computer ratio of 1:1. Students access computers in all subject areas across all year levels. This includes specialist subject areas such as Art and Industrial Technology and in the other subject areas where access to computer labs is centrally managed to ensure all program needs are met.

In 2016 the school introduced a 'Bring Your Own Device' program for students and has steadily increased in popularity throughout 2017 with all students in Years 7 and 11 expected to have a BYO device. Beyond computers and specialist software, access to ICTs is provided in a number of other ways. The school's network is organised so that students can access programs, subject documents and resources, as well as submit work electronically to their teachers. Our Online Library is a comprehensive resource, offering students a wealth of support through electronic subscriptions, links to universities, help with research, referencing and much more.

Laptops are readily available for use with all teaching areas having access to wireless connectivity, enabling teacher and student access to the network and internet as necessary. Students in Science, for instance, can collect information on data loggers and then work with it on laptops in their classrooms.

All classrooms have network and wireless connectivity. All rooms are equipped with projectors to facilitate both teacher and student use of ICTs in the classroom. In addition, students have ready access to digital cameras, scanners and printers.

Specific ICTs are targeted at various points in the junior curriculum, such as Excel in Year 8 Maths and Year 9 History, Publisher in Year 8 HPE and PowerPoint in Year 8 English. To develop the core skills of internet and research skills, they are also targeted in particular units of work. In Year 7, specific ICT skills are embedded in the rotational subjects and all basic ICTs are revisited across the curriculum to provide ongoing opportunities for deepening and improving understanding of their applications.

Increasing numbers of teachers provide learning experiences through online environments in the Learning Place, enabling student access to course materials 24/7 and the opportunity to collaborate and communicate online with peers and teachers. Through this, students are learning the different modes of electronic communication that will be part of adult workplaces including wikis, blogs, discussion boards and forums. The flipped classroom is an instructional strategy and a type of blended learning that reverses the traditional learning environment by delivering instructional content, often online, outside of the classroom. The Mathematics and Humanities faculties have been trialling this approach with much success.

Students in Years 7 - 10 have the opportunity to use ICTs in their learning through participation in the school's 1:1 program, LearnIT. This is an IT-immersion program in which students use ICTs on a daily basis to complete much of their junior studies via laptop technology.

Additionally, many students in Years 11 and 12 have access to the school's eSenior take-home laptop program.

## Social Climate

### Overview

The data gathered by the Department of Education through the School Opinion Survey confirms that students, parents and teachers believe that Caboolture High continually aims to improve, provides a rewarding school experience where students can achieve their potential through a wide range of experiences and are challenged in their learning through a variety of opportunities.

The school values; persistence, respect, integrity, diligence and excellence, provide a positive tone and are regularly reinforced through the PRIDE reward system. The school has high expectations with regard to student behaviour and social interaction. Our Responsible Behaviour Plan for Students clearly sets out these expectations and the consequences of any inappropriate behaviour, including bullying and cyberbullying. Positive Behaviour for Learning and Reboot are two programs that will continue to develop students' ability to regulate their own behaviour and create a supportive school environment for students.

The school has an extensive pastoral care program dealing with topics ranging from adapting to secondary school, career planning, respectful relationships, RIPPA attitude, leadership programs such as High Resolves and Peer Power, as well as work preparation for the senior school. Study skills, time management, personal health and safety are also supported through the Access program.

The school does not tolerate bullying and all reports of bullying are investigated. The students who are bullied are supported and the students responsible for the bullying are supported and dealt with as outlined in the school's Responsible Behaviour Plan for Students.

Students are also supported by a range of personnel, including year coordinators, guidance officers, a youth support coordinator, school nurse, student mentor, school chaplain and Heads of Department – Junior Secondary and Senior Schooling.

The Student Support Team meets weekly to monitor student well-being and behavioural issues with identified students supported, either through school resources or referred to outside agencies.

### Parent, student and staff satisfaction

# 'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

## Parent and community engagement

Caboolture State High School is a learning organisation where parents and caregivers are valued for the difference they can make to their students' learning outcomes and future pathways. Every contribution made by a parent makes the school richer in some way and more able to ensure the best learning outcomes for every student. All members of staff appreciate parental and community involvement in the school.

Opportunities for parents to take an active role in their child's education range from supporting school policies on dress, homework and the like, to involvement as a volunteer or as a member of the Parents and Citizens' Association. The school has a tradition

of well-attended Subject Information Evenings and Parent-Teacher Interviews and also at functions such as the Leaders' Induction, Academic Awards Night, Valedictory and Open Day.

Parents are kept well informed of school activities through an extensive monthly newsletter which is emailed to parents and offered to parents in paper format. The school also provides immediate feedback to parents on student absence via a text messaging service.

The school Facebook site is very popular with parents and members of our school community. Additionally, our school is part of the QParents network where parents and carers are able to communicate and obtain information directly from the school. The school sign is also a point of reference for up-coming events.

The school introduced foundation classes for students requiring adjustments to their curriculum. Requiring extensive parent consultation and endorsement, these small sized classes have already produced promising results for our students. Combined with the specialist courses offered through our Diverse Learning Hub, students with diverse learning needs are able to participate fully in our curriculum.

### Respectful relationships programs

The school has developed and implemented a range of programs that focus on appropriate, respectful and healthy relationships. These programs focus on developing students' skills in a number of areas including communication, anger management, and resilience, the management of relationships and safe use of the many social media mediums. They are offered as stand-alone programs such as the girls' 'Pearl Program' and 'Rock and Water' or embedded in the school curriculum and pastoral development programs. On many occasions the school uses community non-government agencies or specialists to supplement staff expertise.

### School disciplinary absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	535	736	751
Long Suspensions – 11 to 20 days	4	15	28
Exclusions	13	11	15
Cancellations of Enrolment	13	22	17

## Environmental Footprint

### Reducing the school's environmental footprint

In recent years the school has taken steps to reduce its environmental footprint. Water tanks are in use in the Agriculture Department and solar energy panels have been installed. Students and staff are aware of the need to conserve power and water by turning off electrical equipment and taps. A range of waste materials, including paper, is recycled to protect the environment.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	635,100	19,164
2015-2016	550,952	11,445
2016-2017	884,962	634

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

## School Funding

### School income broken down by funding source

School income, reported by financial year accounting cycle, using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

Diploma	0
Certificate	0

\*Teaching staff includes School Leaders

\*\*Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

## Professional Development

### Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2017 were \$83749.39

The major professional development initiatives are as follows:

- Literacy and numeracy development and implementation.
- The Art and Science of Teaching.
- ICT development days.
- OneSchool training.
- QSAA work program and assessment workshops.
- Individual Faculty Professional Development.
- Implementation of ACARA.
- First-aid certificates.
- Certificate IV in Assessment and Training
- Twilight sessions and PLCs.
- Reboot
- Positive Behaviour for Learning
- New Pedagogies for Deep Learning

The proportion of the teaching staff involved in professional development activities during 2017 was 100%.

## Staff Attendance and Retention

### Staff attendance

AVERAGE STAFF ATTENDANCE (%)			
Description	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	95%	96%	95%

### Proportion of staff retained from the previous school year

From the end of the previous school year, 97% of staff were retained by the school for the entire 2017.

## Performance of Our Students

### Key Student Outcomes

#### Student Attendance

### Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	86%	86%	86%
The attendance rate for Indigenous students at this school (shown as a percentage).	78%	80%	79%

\*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Secondary schools was 90%.

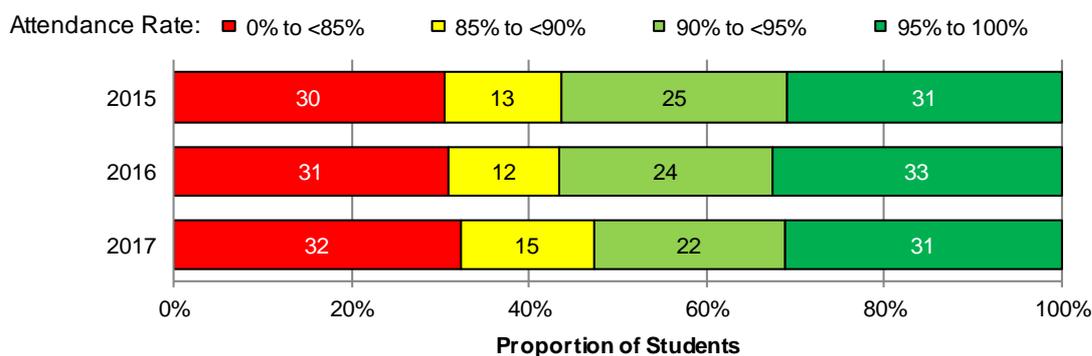

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015								87%	90%	85%	84%	87%	86%
2016								88%	85%	86%	86%	85%	87%
2017								90%	84%	84%	86%	85%	89%

\*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

## Student attendance distribution

The proportions of students by attendance range:

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

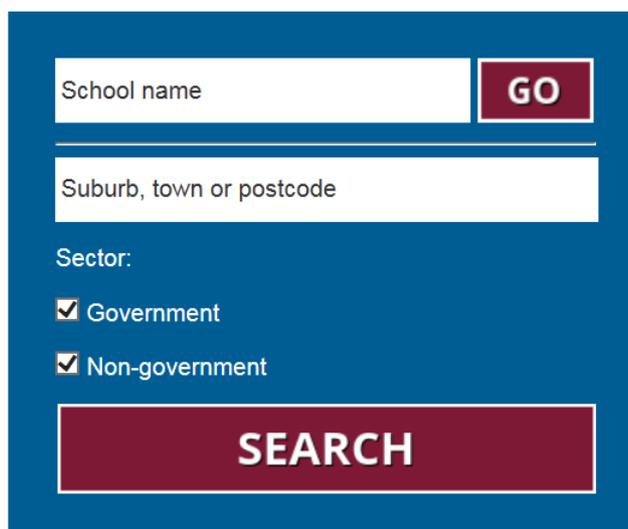

- Non-attendance is managed at Caboolture State High School in line with DoE procedures, 'Managing Student Absences and Enforcing Enrolment and Attendance at State Schools' and 'Roll Marking in State Schools', which outline processes for managing and recording student attendance and absenteeism.
- All enrolled students are required to attend school or eligible options unless reasonable and valid grounds exist for them to be absent.
- Parents have a responsibility to ensure that their children attend school regularly, and are only absent if ill or if absolutely necessary.
- Parents have a further responsibility to provide a written note or phone message or text message to the school explaining why an absence has occurred.
- Parents of students who are to be absent are required to contact the school to report the reason for the absence.
- Parents can provide a designated mobile phone number for communications about absences.
- Formal roll marking occurs in house group at 8.55 am. Students are responsible for their presence in class at all times. All student absences are recorded each period by teachers, as a formal record of attendance. Late arrival or early departure is to be reported at the main office to ensure accuracy of roll marking. Failure to do so will result in the student receiving an "unexplained absence" record.
- A staff member will be responsible for monitoring and investigating student absences.
- The designated staff member will text message parents of absent students if communication from parents is not forthcoming on the day of absence by 10.30 am.
- Independent students not living with parents or guardians are also required to provide notes.
- Ongoing unexplained absences, or lack of cooperation regarding student attendance, will result in a formal attendance conference being organised. If student attendance does not improve the school follows the procedures outlined in the DoE policy, 'Managing Student Absences and Enforcing Enrolment and Attendance at State Schools'.
- Unresolved attendance issues of post-compulsory participation students, may result in the cancellation of their enrolment for students in the Compulsory Participation Phase of their education.
- Education Queensland and enrolment auditors may consult student attendance records.
- Student attendance and absence figures will appear on student half year and end of year reports.
- Aggregated student attendance data is reported to Education Queensland and the wider community each year as part of the annual report.

## NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

## Year 12 Outcomes

OUTCOMES FOR OUR YEAR 12 COHORTS			
Description	2015	2016	2017
Number of students receiving a Senior Statement	183	168	172
Number of students awarded a Queensland Certificate of Individual Achievement.	6	5	7
Number of students receiving an Overall Position (OP)	68	47	48
Percentage of Indigenous students receiving an Overall Position (OP)	29%	18%	20%
Number of students who are completing/continuing a School-based Apprenticeship or Traineeship (SAT).	20	11	17
Number of students awarded one or more Vocational Educational Training (VET) qualifications (incl. SAT).	143	139	144
Number of students awarded an Australian Qualification Framework Certificate II or above.	135	132	136
Number of students awarded a Queensland Certificate of Education (QCE) at the end of Year 12.	167	159	156
Percentage of Indigenous students awarded a Queensland Certificate of Education (QCE) at the end of Year 12.	100%	100%	80%

OUTCOMES FOR OUR YEAR 12 COHORTS			
Description	2015	2016	2017
Number of students awarded an International Baccalaureate Diploma (IBD).	0	0	0
Percentage of OP/IBD eligible students with OP 1-15 or an IBD.	69%	96%	83%
Percentage of Year 12 students who are completing or completed a SAT or were awarded one or more of the following: QCE, IBD, VET qualification.	97%	99%	98%
Percentage of Queensland Tertiary Admissions Centre (QTAC) applicants receiving an offer.	94%	98%	96%

As at 3rd February 2017. The above values exclude VISA students.

OVERALL POSITION BANDS (OP)					
Number of students in each band for OP 1 - 25					
Years	OP 1-5	OP 6-10	OP 11-15	OP 16-20	OP 21-25
2015	13	9	25	19	2
2016	12	17	16	2	0
2017	6	15	19	8	0

As at 14th February 2018. The above values exclude VISA students.

VOCATIONAL EDUCATIONAL TRAINING QUALIFICATION (VET)			
Number of students awarded certificates under the Australian Qualification Framework (AQF)			
Years	Certificate I	Certificate II	Certificate III or above
2015	54	117	58
2016	70	118	67
2017	48	131	91

As at 14th February 2018. The above values exclude VISA students.

Students completed certificates from the following list:

#### Certificate I

- FSK10213 Skills for Vocational Pathways
- ICA10115 Information, Digital Media & Technology
- CPC10111 Construction

#### Certificate II

- BSB20115 Business
- SIS20313 Sport and Recreation
- 30981QLD Workplace Practices
- SIT20316 Hospitality
- ICT20115 Information, Digital Media & Technology
- AHC21210 Rural Operations
- CUA20215 Certificate II in Creative Industries

#### Certificate III

- ICT30115 Information, Digital Media and Technology
- CHC30113 Early Childhood Education and Care
- SIS30115 Sport and Recreation
- BSB30115 Business

## Apparent Retention Rate – Year 10 to Year 12

APPARENT RETENTION RATES* YEAR 10 TO YEAR 12			
Description	2015	2016	2017
Year 12 student enrolment as a percentage of the Year 10 student cohort.	78%	82%	81%
Year 12 Indigenous student enrolment as a percentage of the Year 10 Indigenous student cohort.	79%	57%	79%

\* The Years 10 to 12 Apparent Retention Rate is defined as the number of full-time students in Year 12 in any given year expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).

## Student Destinations

### Post-school destination information

The results of the 2017 post-school destinations survey, Next Step – Student Destination Report (2017 Year 12 cohort), will be uploaded to the school's website in September.

Schools with fewer than 5 responses will not have a report available on the post-school destinations of Year 12 completers for reasons of confidentiality.

The report will be available at:

<http://www.cabooltureshs.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx>

### Early leavers' information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below.

While the school believes that all students should complete Year 12, there are occasions when students leave school to take up meaningful employment or other study options. Many students move out of the school catchment area and enrol at other schools, while others gain employment or pursue training opportunities outside of school. In these cases, the school is supportive of the students and their families, with the school guidance officer available to meet with students and parents to provide advice concerning possible future pathways. Many students are now taking advantage of the Government's 'Cert III Guarantee'. Other students who are in danger of disengaging from education are case-managed by the school and are often supported by community support agencies and programs.

Support is offered to all early leavers in their transition to work or further study and training.
