## COURSE CONTENT

COURSE UNITS		
Unit Number	Unit Title	Status
CPCCCM2004*	Handle construction materials	Core
CPCCCM2005*	Use construction tools and equipment	Core
CPCCCM1011	Undertake basic estimation and costing	Core
CPCCCM1012	Work effectively and sustainably in the construction industry	Core
CPCCCM1013	Plan and organise work	Core
CPCCVE1011	Undertake a basic construction project	Core
CPCCWHS1001#	Prepare to work safely in the construction industry	Core
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry	Core
CPCCOM1014	Conduct workplace communications	Elective
CPCCOM1015	Carry out measurements and calculations	Elective
CPCCOM2001*	Read and interpret plans and specifications	Elective

## COURSE REQUIREMENTS

Certificate I in Construction focuses on the underpinning industry practices and construction processes required to create, maintain and repair the built environment. This course leads into Building and Construction Skills in Years 11 and 12

There is a strong focus on safe use of industry tools that are deemed to be High or Extreme Risk. Students learn to meet customer expectations of quality at a specific price and time. They understand industry practices; interpret specifications, including information and drawings; safely demonstrate fundamental construction skills and apply skills and procedures with hand/power tools and equipment; communicate using oral, written and graphical modes; organise, calculate and plan construction processes; and evaluate the structures they create using predefined specifications.

### \*VETiS Eligibility

Students in Year 10, 11 and 12, who are an Australian or New Zealand Citizen or permanent resident, or a temporary resident with the necessary visa, are eligible to utilise VETiS funding. Subsidised by the Queensland Government under the VET in School Program (VETiS). Students are eligible to use VETiS funding to complete one program only. For eligibility go to [www.training.qld.gov.au/providers/funded/VETiS](http://www.training.qld.gov.au/providers/funded/VETiS).

## CAREER PATHWAYS

A Certificate I in Construction can establish a basis for further education and employment in civil, residential or commercial building and construction field (Trade assistant, carpentry, bricklaying, painting, or an apprenticeship).

## ASSESSMENTS

In assessing learners against competencies or clusters of competencies, evidence is gathered through completion of set tasks that include:

- Correct identification and sequencing of discrete skills in the context of a work-based project
- Demonstration of skills, applying appropriate occupational health and safety requirements associated to the task
- Problem solving exercises and knowledge-based assessment
