### COURSE REQUIREMENTS

Students require an approved scientific calculator in this subject.

### COURSE CONTENT

The intended pathway for students who select this option is Essential Mathematics in Years 11 and 12.

This program covers the Year 10 Australian Curriculum (Mathematics) in a modified manner to assist the learning of the students who require additional support to access the core curriculum.

### CAREER PATHWAYS

Mathematics helps us develop analytical and reasoning skills. Reasoning is the ability to think logically about a situation. Analytical and reasoning skills are valuable because they help us solve problems and look for solutions. Many future careers will require sound mathematical, analytical and reasoning skills.
