#### COURSE CONTENT

| UNIT 1   | ASSESSMENT   |
|--|--|
| <p><b>Stories and Fables</b></p> <p>Chinese history and culture is one the richest and oldest in the world. China is also renowned for producing beautiful novels, short stories, poetry and film.</p> <p>Learning Chinese is not just about how to speak in another language, it also boosts your memory and creativity.</p> <p>You will explore some classic children's stories and become a creative writer in this Chinese unit.</p> | <p>A Children's Storybook</p> <p>Student-centred conversation</p>  |
| UNIT 2   | ASSESSMENT   |
| <p><b>Living My Life</b></p> <p>Did you know that most Chinese students start school at about 7am and finish classes at about 10pm? We will investigate the difficulties Chinese students face in their school life and appreciate how lucky you are as students in Australia. You will learn how to express your opinion about school in Chinese.</p>   | <p>Short response exam</p>   |
| UNIT 3   | SUMMATIVE ASSESSMENT   |
| <p><b>Ready for the Future</b></p> <p>Let's explore the possible pathways for you after Year 10 when you know a language other than English. You will find out why knowing Chinese can open unexpected doors for you in the future. Get ready to meet new and interesting people and develop lifelong friendships as you progress through your Chinese language-learning journey.</p>  | <p>Combination response exam</p>                                   |
| UNIT 4   | SUMMATIVE ASSESSMENT   |
| <p><b>Technology</b></p> <p>Do you think that Facebook is so outdated? Do you know that TikTok was invented in China? Yes, we will look back in time to see the evolution of technology in our daily life and examine the pros and cons of technology in education.</p>  | <p>Multimodal presentation</p> <p>Student-centred conversation</p> |
